

# Rosa Indica

In 2021 we sold our property and rose collection, consequently our nursery no longer exists. A new nursery has started called “ La Roseaie du Desert” but this has nothing to do with us. We had hoped they would continue reproducing our collection but we are not confident that this will happen

We have included our old catalogue here, along with our personal comments, we hope this is of some use. If you need to contact either of us Email [Rebecca.hook@frenchtearose.com](mailto:Rebecca.hook@frenchtearose.com)

It's been fun!

John and Becky Hook

## Banksiae

<a href="#">Ibrido di Castello</a>	Attilio Ragionieri
1920	Roses Unlimited
double white fragrant flowers, remontant	
<a href="#">Purezza</a>	n/a
	Tete D'Or
semi-double white, small in clusters. Remontant	
<a href="#">Rosa banksiae banksia (Alba Plena)</a>	Kerr/Banks
1807	Unknown
small, very double, white flowers, on an enormous climber, good scent of violets	
<a href="#">Rosa banksiae lutea</a>	Parks
pre - 1824	Found
small, double clusters of creamy yellow flowers, the most common of the Banksiaes. This rose was growing on our property for decades	
<a href="#">Rosa banksiae lutescens</a>	Hanbury
1870	Beales
single yellow flowers, the least vigorous of the Banksiaes, quite unusual	
<a href="#">Rosa banksiae normalis</a>	Drummond
1796	Unknown
single white, The most fragrant and vigorous of the Banksiaes, our plant is huge and the violet scent in the spring dominates the garden	

## Bourbon

<a href="#">Bardou Job (Aust)</a>	Nabonnand
1882	Waltzing Matilda
Large, semi-double scarlet blooms, a hybrid of Gloire de Rosamane. This is the true form. The European form is incorrect and is probably 'Black Boy'	

## China

<a href="#">Alice Hamilton</a>	Nabonnand
1903	Branchi
large semi-full blooms of crimson red but tends to be pinker in cool periods, This rose doesn't match the original descriptions by Nabonnand so Identity is suspect but this is still a very pretty china	
<a href="#">Alice Hoffman</a>	Hoffman
1897	Branchi
A medium size shrub, pink with cerise blooms, this is the Sangerhausan clone. Sometimes thought synonymous with Archduc Charles, we think the two are different	
<a href="#">Archiduc Charles</a>	Laffay
1825(?)	Branchi
pink changing to crimson, margin very pale cerise	

<a href="#">Arethusa</a>	W. Paul
1903	Beales
medium sized flower, light yellow tinted apricot, very imbricated, leathery foliage	
<a href="#">Beauty of Rosemawr</a>	Van Fleet/Conard & Jones
1903	Beales
large flowers a rich carmine rose, white and crimson veining, a little known china	
<a href="#">Belfield(Bermuda)</a>	n/a
Found	Branchi
medium red, considered by many a contender for the true 'Slaters Crimson China'	
<a href="#">Belmont (l'Hay)</a>	Vibert
1846	Bouret/L'Hay
climbing pink china, virtually unknown. Not syn. Indica major as it repeats	
<a href="#">Bengale Cerise</a>	
<a href="#">Bengale Cerise</a>	
	Bouret/L'Hay
Introduced by Lafay before 1820, this cherry pink rose is thought to have originated from China. Although regarded as a bush, ours is a good climber	
<a href="#">Bengale Gontier</a>	Unknown
	Bouret/L'Hay
Pink climber of unknown origin from L'Hay	
<a href="#">Catherine II</a>	Laffay
1832	Eve
full, medium bloom clear pink, quite small bush	
<a href="#">Charleston Graveyard</a>	n/a
Found	Roses Unlimited
dark red double flowers, large shrub for a china	
<a href="#">Comtesse du Cayla</a>	P. Guillot
1902	Beales
crimson shaded yellow, very fragrant, closely related to the teas	
<a href="#">Cramoisi Supérieur (BUSH)</a>	Coquereau/Audiot/Vibert
1835	Austin
globular shaped, medium sized, velvety crimson	
<a href="#">Cramoisi Supérieur (CL)</a>	unknown
unknown	Beales
globular shaped, medium sized, velvety crimson globular shaped, medium sized, velvety crimson	
<a href="#">Ducher</a>	Ducher
1869	Branchi
full, creamy white, probably some tea blood in this rose	

<a href="#">Duke of York</a>	W. Paul	<a href="#">Kathleen (Bermuda)</a>	Found
1894	Beales	Branchi	
white petals edged with carmine or pink w/carmine centre. Indistinguishable from the tea Papiilon		single coral pink, a found china from Bermuda. Closely related to Mutabilis and more vigorous	
<a href="#">Dutch Fork China</a>	n/a	<a href="#">Le Vésuve</a>	Laffay
Found	Roses Unlimited	1825	Branchi
dark red with paler blush		pointed blooms, opens to full, loose silvery-pink	
<a href="#">Elyse Flory</a>	Guillot Père	<a href="#">Louis Philippe</a>	Guerin
1852	Guillot	1834	Beales
bright pink, paling on edges, double		dark crimson	
<a href="#">Emmie Grey</a>	n/a	<a href="#">Mateo's Silk Butterflies</a>	Lettunich
	Branchi	1992	Helga Brichet
Found in Bermuda, single red similar to Sanguinea but more upright		A Mutabilis seedling, pink/crimson shading but differing from mutabilis lacking yellow and a stockier plant	
<a href="#">Empress of China</a>	Jackson/Elizabeth Nursery Co.	<a href="#">Miss Lowes Variety</a>	unknown
1896	Helga Brichet	unknown	Beales
Climbing Semi double pink blooms		single dark red, a small version of Sanguinea	
<a href="#">Eugene de Beauharnais</a>	Hardy	<a href="#">Mme. Eugène Résal</a>	Guillot
1837	Branchi	1894	Helga Brichet
purple and crimson. Very fragrant		nasturtium-red to vivid china-pink, base orange-yellow	
<a href="#">Fabvier</a>	Laffay	<a href="#">Mme. Laurette Messimy</a>	Guillot et fils
1832	Beales	1887	Branchi
semi-double crimson with white stripe.		china pink, coppery yellow at base.	
<a href="#">Felleberg</a>	Felleberg	<a href="#">Molesworth cream china (AUS)</a>	
1835	Beales		Waltzing Matilda
double flowers, bright pink to crimson. Slightly fragrant		White/yellow semi double to double. cupped, foliage somewhat like spice. Helga Brichet received this from Australia. Originally found by Rob Peace. Maybe Hyménée	
<a href="#">Fimbriata à Pétales Frangés</a>	Jacques	<a href="#">Mrs. Buiso's Rose</a>	Mutabilis sport
1831	Beales	unknown	Branchi
A most curious and beautiful rosy-crimson rose: each flower-leaf is cut something like the petals of a pink, and as it is imbricated, it looks more like a self-coloured carnation than a rose		pale pink, single once flowering climber, found in a rome garden	
<a href="#">Indiana Semper (l'Hay)</a>		<a href="#">Mutabilis</a>	Correvo intro.
	Bouret/L'Hay	1896	Unknown
Climbing pink china		single, open, pinkish yellow fades to crimson	
<a href="#">Irène Watts (Odees pink)</a>	Guillot	<a href="#">Mutabilis (Yellow)</a>	n/a
1895	Bielski/Vintage		Helga Brichet
came to us with a study name of "Odee's pink". After studying this for several years I am convinced that this is the true Irene Watts, matching perfectly the description ' Journal des Roses' 1910		This sport discovered by Helga Brichet in Bermuda. Same as the original but varies from white to pale yellow with some pale pink	
<a href="#">Jean Bach Sisley</a>	Dubreuil	<a href="#">Napoléon</a>	Laffay
1898	Beales	1835	Roses Unlimited
silvery-pink with carmine veins. Fragrant		crimson with pale pink and yellow tints, large plant and flowers for a china	

<a href="#">Odee's Pink</a>	Found		
Bielski			
Light pink china like growth. See Irene Watts			
<a href="#">Old Blush</a>	Parsons		
1793	Unknown		
blush pink aging to dark pink			
<a href="#">Old Blush (CL)</a>	unknown		
unknown	Beales		
medium pink fading darker, very vigorous			
<a href="#">Papillon (China)</a>	Duborg		
1826	Helga Brichet		
hybrid china, pink, medium-size, double, maybe incorrectly attributed			
<a href="#">Queen Mab</a>	W.Paul		
1896	Beales		
2m			
peachy pink shaded orange, this clone seems more like a tea			
<a href="#">Rival de Paestum</a>	Béluze		
1843	Branchi		
creamy white with pale yellow centre			
<a href="#">Rosa chinensis sempervirens</a>			
	Fineschi		
This clone was obtained from the Fineschi gardens in Cavriglia. We think this is the closest to the original plant out of all the contenders			
<a href="#">Sanguinea</a>			
	Hook/Found		
Large pink/carmine single flowers on a large shrub			
<a href="#">Setina (Vintage)</a>	Henderson		
1879	Vintage Gardens		
A good climber, this is the correct form			
<a href="#">Single Pink China</a>	Unknown		
Unknown	Branchi		
single pink			
<a href="#">Smith's Parish</a>	n/a		
Found	Branchi		
semi-double, white with red flecks, very similar to Fortunes 5 colour			
<a href="#">Souv. d'Aimee Terrel des Chenes</a>	Schwartz		
and			
1897	Beales		
Received as Dr Grill A dwarf shrub Pink/Carmine and white pretty foliage bordered purple, very floriferous			

<a href="#">Unermudliche</a>			Lambert
1905	Branchi		
medium pink, cupped w/ white centres			
<a href="#">Velours Episcopale</a>			Modeste Guérin (Angers)
1833	Branchi		
large, full purple-red to violet			
<a href="#">Vincent Godsiff</a>			n/a
	Helga Brichet		
Bermuda found, dark red china			

## China-Heritage

<a href="#">5 yuan</a>			n/a
	Branchi		
Found growing at the 10,000 camelias monastery in Yunnan by the Ducrots. Semi double dark crimson to mid pink flowers on a large shrub, eventually x 2m. A stunning china.			
<a href="#">Bracteata x Chinensis</a>			
	Helga Brichet		
single white flowers, Low growing. and very recurrent. Originally discovered in Vietnam by a Mr Hiroaki Ohno a nurseryman from Gifu Japan (Rose of Roses Nursery)			
<a href="#">Chang Zhou Rose Garden</a>			
	Helga Brichet		
Dark red shrub Found in the ChangZhou rose garden Dark red shrub Found in the ChangZhou rose garden			
<a href="#">Chun Shui Lu Bo</a>			
	Helga Brichet		
Chinese import. Collected by Dr. Yoshiro Ueda from the Huaian Rose Garden (Huaian Yueji Yuan) in the Jiangsu province of China.			
<a href="#">Fen Zhang Lu</a>			n/a
	Helga Brichet		
An ancient rose found in China and given to us by Helga Brichet. The flowers resemble 'Clothilde Soupert' but the growth of this vigorous bush is very different			
<a href="#">Holiday Home climber</a>			
	Viraraghavan		
large single pink flowers, once flowering. Found at Kodaikanal possibly a hybrid of Rosa leschenaultiana			
<a href="#">Ji Nang</a>			n/a
	Helga Brichet		
Dating back to the Ming dynasty this Apricot pink rose has double flowers is very fragrant. Recovered from the Huaian Rose Garden in China			
<a href="#">Jin Pin Fan Lu</a>			Found in China
2007	Helga Brichet		
Light pink to yellow, double, recovered from Huaian Rose Garden china. Another rose originating from the Ming dynasty			

### Kakinada Red

Viraraghavan

Double deep red flowers with good scent. An Indian founding considered to have originated in china

### L19 Laos

found

Helga Brichet

Small pink blooms, scented. Found by Dr. Ueda during his travels, he considers this an ancient chinese variety

### Mt. Omei Sichuan

Found

Helga Brichet

found in a back garden of a rest tea shop along the approach to religious temple of Mt. Omei. Semi double large loose pink flowers

### N 92 Nanjing

n/a

Helga Brichet

Florescent pink blooms on a plant that won't stop flowering

### Pale china from Nanjing

Found

Helga Brichet

white to pale pink china given to us by Helga Brichet. We have no other info

### Ping Dong Yue Ji

Found

Jack Lin

from Taiwan given to us by Jack Lin, blush pink, in the Humes Blush class

### Red China from Nanjing

Helga Brichet

Double red flowers, repeats

### Rosa odorata spontanea (Ogisu)

n/a

Rix

crimson/pink Ogisu form, obtained from Martyn Rix

### Rosa odorata spontanea (Pink)

n/a

Helga Brichet

single pink flowers

### Rosa odorata spontanea (White)

n/a

Viraraghavan

The white form, obtained from Giru Viraraghavan via Helga Brichet

### Schenzen Cramoisi Climber

Helga Brichet

see Teng Ben Yue Yue Hong .

### Schenzen Dogs

Helga Brichet

Xiao Ye Yue Yue Hong collected Nanjing

### Schenzen Front Red

Helga Brichet

Xian Geng Yue Yue Hong, collected in Yunnan

### Schenzen Second Red

Helga Brichet

Da Hua Yue Yue Hong, collected in Sichuan by wang guoling. Crimson to bright pink flowers up to 10 cm diameter

### Sui Mei Ren

n/a

Helga Brichet

Dating back to Ming dynasty

### Telegara Pink

Unknown

Viraraghavan

An ancient Chinese rose found in India, pink to white flowers on a vigorous shrub

### Teng Ben Yue Yue Hong

Unknown

Helga Brichet

. Red, small double repeat flowering with delicate foliage, climbing with a scent of plums. Collected by Guoliang Wang in Mianzhu, Sichuan study name was Schenzen cramoisi climber

### Tian Nu Guang

n/a

Helga Brichet

Large shrub with light pink flowers and deep pink centres

### Tipsy Imperial Concubine

n/a

Beales

pink blend, ancient china cross, discovered by Hazel Rougatel in China

### Wang's Purple/Red climber

Given to us by Guolong Wang once flowering purple blooms on a strong climber. Extremely old

### White Pearl in Red Dragon's Mouth

n/a

Helga Brichet

Cerise to cherry-red, white streaks also known as Chi Long Han Zhu

### Xiang Fen Lian

Helga Brichet

Light yellow, apricot center, pink shading nearly thornless

### Yue Yue Hong

Helga Brichet

correctly Fue Rong Yue Yue Hong, collected in Nanjing

### Zi Yan Fei Wu

Jack Lin

Found in Taiwan, very similar to Kakinada red from India. Probably an ancient chinese variety. Given to us by Jack Lin

# Hybrid Gigantea

## Apricot gigantea

Bouret/L'Hay

maybe Comtesse de Chaponnay according to Eienne Bourret. I think Noella Virebent matches better

## Baxter Beauty

Clarke

1938? Helga Brichet

Apricot to yellow, a sport of Lorraine Lee. Remontant

## Belle Blanca

Unknown

Early 20 century Helga Brichet

Single white flowers on a huge climber, thought to be white sport of 'Belle Portugaise' or seedling of 'Montecito'

## Belle Portugaise

cayeux

1905 Beales

loosely double flowers, shell pink. Very vigorous. My favourite HG.

## Courier

Clarke

1930 Helga Brichet

white and pink once flowering climber semi double flowers

Lijiang

## Emmanuella de Mouchy

Nabonnand

1922 Eve

medium to pale cherry pink

## Etoile de Portugal

Cayeux

Beales

deep magenta pink w/red, yellow flecks, a very beautiful rose. We obtained this as Vicomtesse Pierre de Fou from Beales.

## Fée Opalé

Bruant

1899 Beales

This rose is currently in commerce as Parks Yellow, White or cream, light pink edges. Pearly white with yellowish white at the base, edges flesh pink. Strong fragrance. Once-blooming spring or summer.

## Flying Colours

Clarke

1922 Helga Brichet

Deep pink to cherry-red

## Follette

Busby

1910 Beales

salmon pink in small clusters. Fragrant

## Fortune's Double Yellow

Fortune

1845 Beales

semi-double, yellow with coppery pink. Fragrant

## Golden Vision

Clarke

1922 Helga Brichet

Butter-yellow, ages to white double flowers

## Harbinger

clarke

1923 Helga Brichet

Large, single, soft pink flowers.

## Kitty Kinninmouth

clarke

1920 Fineschi

Carmine-pink, golden-yellow stamens

## Lady Mann

Clarke

Viraraghavan

Light pink semi double blooms repeat. A sport of Lorraine Lee

## Lijiang Road Rose

Branchi

semi-double, soft pink w/darker reverse, pale yellow centre. Found in China

## Lijiang Yellow

n/a

Helga Brichet

semi double light yellow flowers fading to white, another HG found near

## Lorraine Lee Cl.

?

? Viraraghavan

Same flowers as shrub form very vigorous

## Montecito

Franceschi-Fenzi

1930 Ashdown Roses

white to blush, glorious in a warm climate

## Mrs. Richard Turnbull

Clarke

1941 Helga Brichet

Pink. Double

<a href="#">Rosa banksiae x R. gigantea "Joanna Millar"</a>	found	
2008	Helga Brichet	
Large white flowers with pronounced yellow stamens, scent of violets, This rose is featured in the Rix book.		
<a href="#">Rosabelle</a>	Bruant	
1899	Bouret/L'Hay	
Light pink, salmon-pink shading, darker reverse. Some repeating		
<a href="#">Sénateur Amic</a>	Nabonnand	
1924	Beales	
large, cupped, warm red		
<a href="#">Squatter's Dream</a>	Clark	
1923	Helga Brichet	
Rich yellow buds, paler flowers, fading. Single to semi-double bloom form repeats well		
<a href="#">Tonner's Fancy</a>	clarke	
1928	Helga Brichet	
Cream, light pink center, pink flecks, ages to white		
<a href="#">Tourdun Gigantea</a>	n/a	
	Hook/Found	
Similar to Fortunes double yellow but original plant was only 1.5 metres high and so far no climbing tendencies. In Gwen Fagan's book (South Africa) 'It was at Mill River farm I found a plant 3 metres high, Same as FDY but flowers slightly larger and nearly single with a few tiny petals overlapping stamens. This seems the same rose.		

<a href="#">Traverser</a>	Clark	
1928	Helga Brichet	
Yellow to white. Large, semi-double to double		

## Hybrid Tea

<a href="#">Grace Darling</a>	Bennett	
1884	Branchi	
very large, full bloom tinted with peach pink. Fragrant, often classed as a tea		
<a href="#">Irène Bonnet</a>	P.Nabonnand	
1920	Eve	
salmon pink, some fragrance		
<a href="#">Lady Waterlow</a>	Nabonnand	
1902	Beales	
semi-double, soft pink salmon with darker edges		
<a href="#">Marie Nabonnand</a>	Nabonnand	
??	Beales	
Beales Monsieur Tillier large, double cupped flowers not too full, . Dark pink to carmine red. This climbing Hybrid Tea flowers for us until Christmas		

<a href="#">Mme. Driout</a>		Bolut & Thiriat
1902	Branchi	
striped bright carmine on pink		
<a href="#">Mme. Wagram Comtesse de Turenne'</a>		Bernaix
1895	Beales	
large, pink on flesh pink, petals with sulphur nub		
<a href="#">Paul's Lemon Pillar</a>		G.Paul
1915	Beales	
Lemon White climber, this is so close to the noisettes I am tempted to call it that, Fantastic pink blooms but requires lots of heat		
<a href="#">Queen of Hearts</a>		Clarke
	Helga Brichet	
Pink climbing Australian HT		
<a href="#">Reine Marguerite d'Italie</a>		Souper & Notting
1904	Branchi	
large, full, bright carmin/ red		
<a href="#">Reine Marie Henriette</a>		Levet
1878	Beales	
large full crimson/cherise, we received this as Mme. Driout but have reidentified it		

## Miscellaneous

<a href="#">Alba Odorata</a>		Levet
1874	Guillot	
A Bracteata x Roxburgii hybrid. Flowers medium white/flesh, hint of pink, a good climber flowering late. This rose was reintroduced by Levet, it existed in Italy pre 1835		
<a href="#">Blairii No.1</a>		Blair
1845	Beales	
A Hybrid China. large semi-double flowers, bright rose. Very fragrant . After initial bloom a few flowers produced frequently		
<a href="#">Compte Bobrinsky</a>		Marest
1849	Bouret/L'Hay	
supposedly Hybrid Perpetua many Tea/China characteristicsl		

## Noisette

<a href="#">Aimee Vibert climbing</a>		Curtis
1841	Beales	
pure white double flowers in clusters. Dark green foliage. Very late start to flowering. This is the climbing form		
<a href="#">Aline Rozey</a>		Schwartz
1884	Bouret/L'Hay	
Flesh pink coloured small flowers on a vigorous shrub, Possibly a Noisette/Hybrid perpetual cross		

<a href="#">Alister Stella Gray</a>	A H Gray/G Paul	<a href="#">Blush Noisette (Gers)</a>	Hook/Found
1894	Beales		
Pale yellow, small flowers on a low growing climber, fades to ivory-white particularly during hot spells, Graham Stuart-Thomas was very fond of this rose		very similar to the Beales version, Grows everywhere around us	
<a href="#">Alupka</a>	Hartwiss	<a href="#">Blush Noisette (Surguet/TALOS)</a>	Found
1828	Bouret/L'Hay		
A		This was given to us as an incorrect form of Blush Noisette by Jan Surguet.	
Cream to light yellow. Tea fragrance		pretty, vigorous old noisette	
<a href="#">Anne-Marie Cote</a>	Guillot fils	<a href="#">Bougainville</a>	Pierre Cochet/Vibert
1875	Guillot	1822	Beales
medium size bloom, pure white sometimes tinged pink, of the 'Blush Noisette' type. Very similar to Daniel Lacombe		medium size pink flower with edges paler and lilac.	
<a href="#">Annie Vibert</a>	Vibert	<a href="#">Bouquet d'Or</a>	Ducher
1828	Roses Unlimited	1872	Beales
Medium size double pink flowers fading to white, the name appears to originate from Aimee Vibert but this noisette is very different		double yellow with coppery salmon centre. Fragrant	
<a href="#">Arancera</a>	n/a	<a href="#">Bouquet Tout Fait</a>	Laffay
	Ducrot	pre 1836	Roses Unlimited
Climbing Noisette E Veyrat Hermanos type, no good flowers yet but foliage and wood much more substantial than E Veyrat Hermanos. Ducrot describes it as between E Veyrat Hermanos and Souv. de Mme. Leonnie Viennot. Possibly Ophiree		medium sized, double flowers a creamy white. Very fragrant	
<a href="#">Beaute Inconstante</a>	Pernet-Ducher	<a href="#">Camélia Rose</a>	Prévost
1892	Branchi	1830	Roses Unlimited
A glorious sight, carmine shaded yellow, and very variable. delicious fragrance, ours is standing at 3 metres		medium sized flowers, bright pink, another old style noisette	
<a href="#">Belle Lyonnaise</a>	Levet	<a href="#">Caroline Marniesse</a>	Roeser
1870	Beales	1848	Branchi
deep lemon yellow, reverse paler with a subtle fragrance. Climbing		large clusters of full, fragrant pale flesh-pink, similar to Blush Noisette	
USA		<a href="#">Cato's Pink Cluster</a>	
<a href="#">Belle Vichysoise</a>	Leveque		Vintage Gardens
1895	Beales		Pink Noisette in the vein of Champneys pink cluster, a found rose from the
flowers small, light pink to pinkish white in clusters.		<a href="#">Celine Forestier</a>	Trouillard
<a href="#">Billard et Barré</a>	Pernet-Ducher	1842	Beales
1898	Bouret/L'Hay	pale yellow darker centre, pales with age. Fragrant smaller flowers than I would expect	
double, golden-yellow flowers. Good scent, not very vigorous as a noisette. Growing much better on its own roots. This rose had been destroyed at L'Hay but a small piece was growing in the walkway, which we salvaged		<a href="#">Champney's Pink Cluster (US)</a>	Champneys
		1802	Vintage Gardens
		light pink semi double repeat flowering noisette. The first Noisette	
<a href="#">Blanc Pur</a>	Mauget	<a href="#">Chromatella (Aus clone)</a>	Coquereau/Vibert
1827	Branchi	1843	Waltzing Matilda
large double blooms, white with greenish shades. Fragrant. I am a little suspicious with this identification, not expecting a noisette of this age to have such large flowers		This seems to be correct, difficult to establish	
<a href="#">Blush Noisette (Beales)</a>	Noisette	<a href="#">Chromatella (US)</a>	
1814	Beales		Vintage Gardens
Small double blush to pink trusses of flowers, a shrub growing to 3 metres. One of the first Noisettes		Legacy of Dr. M. D. Hinman. This needs to be compared to the Australian clone as it may be Isabella Gray	

<a href="#">Cinderella</a>		Page	<a href="#">Étandard de Jeanne d'Arc</a>	Garçon
1859	Bouret/L'Hay		1882	Loubert
A large, perfectly full, exceedingly fragrant Noisette rose, of salmon-pink color			Creamy white large double flowers, obvious connection with Gloire de Dijon	
<a href="#">Claire Jacquier</a>		Bernaix	<a href="#">Gloire de Bordeaux</a>	Lartay
1887	Beales		1861	Hook/Found
yellow clusters fading to white, once flowering			flowers pink, centres crimson, large and full	
<a href="#">Comtesse de Galard-Bearn</a>		Bernaix	<a href="#">Gloire de Dijon (Meursault clone)</a>	Jacotet
1893	Branchi		1853	Odile Masquelier
We received this as Soncy which should be Alexander hill Grey. Very vigorous climber pale yellow flatish flowers fading paler			From an early plant 150 years old	
<a href="#">Crépuscule</a>		Dubreuil	<a href="#">Gribaldo Nicola</a>	Soupert & Notting
1904	Beales		1890	Branchi
copper, yellow and pink shades. Medium sized, fragrant			silvery white on blush pink, yellow centre. Fragrant	
<a href="#">Deschamps</a>		Deschamps	<a href="#">Gruss an Friedberg</a>	Rogmans/Metz
1877	Beales		1902	Branchi
cherry red fading to pink			medium large, full pale yellow blooms another Gloire de Dijon hybrid	
<a href="#">Desprez à Fleur Jaune</a>		Desprez/Sisley	<a href="#">Hérodiade</a>	Brassac
1830	Unknown		1888	Tete D'Or
rosy yellow, double, very fragrant.			chamois-yellow, center darker, sometimes streaked pink or carmine	
<a href="#">Devoniensis</a>		Foster	<a href="#">Huntingdon La Biche</a>	
1838	Branchi			Roses Unlimited
large, very pale, creamy white.			very large flesh white with pale rose centre. Very fragrant. Sold in US as Mlle de Sombriuel but we find it different to the European clones	
<a href="#">Dr. Domingos Pereira</a>		De Magalhaes	<a href="#">Isis</a>	Weilburg
1925	Sanguerhausen		1834	Bouret/L'Hay
lilac-pink, center shaded yellow, large, double, fine form Climbing. One of the few roses bred in Portugal				
<a href="#">Duarte de Oliveira</a>		Brassac	<a href="#">Jacques Amiot</a>	Varangot
1879	Branchi		1850	Tete D'Or
medium sized flower, salmon-rose, coppery at base			lilac-pink, medium-size, double	
<a href="#">Dussi</a>		n/a	<a href="#">Jan's yellow Tea noisette</a>	
1998	Branchi			large cupped yellow/apricot peach centred flowers large foliage no prickles
<a href="#">Earl of Eldon</a>		Paul	<a href="#">Jeanne d'Arc</a>	Verdier
1871	Bouret/L'Hay		1848	Roses Unlimited
Coppery climber			creamy white to pure white. Fragrant climber. We have been selling this as 'Etandard de Jeanne d'Arc' in error and is in fact an older Noisette/Moschata hybrid. Martyn Rix equates this with Arvensis x a Noisette	
<a href="#">Elie Beauvilain</a>		Beauvilain	<a href="#">Ju Purple Noisette</a>	Found
1887	Roses Unlimited		N/A	Hook/Found
double creamy pinks and yellows				

<b>La Biche</b>	Bouret/L'Hay		<b>Marie Robert</b>	Cochet
Old style Noisette, flowers white, their centres flesh colour This is the correct clone obtained from L'Hay			1893 Branchi	This came to us as Comtesse de Galard-Bearn, we have re-identified it
<b>L'Abondance</b>	Moreau-Robert		<b>Mary Washington</b>	n/a
1887 Branchi			1790? Roses Unlimited	
white, tinted pink				pure white continuous bloomer, fragrant
<b>Lamarque</b>	Marechal		<b>Meteor</b>	Geschwindt
1830 Beales			1887 Branchi	
white with sulphur centre, some fragrance				semi-double, crimson small climber
<b>L'Arioste</b>	Robert er Moreau		<b>Milkmaid</b>	Clark
1859 Bouret/L'Hay				Helga Brichet
Pink climber				A white extremely vigorous Noisette From Australia not very remontant
<b>Le Parré Dijon Noisette</b>	Hook (introduced)		<b>Mlle. Genevieve Godard</b>	Godard
2009 Hook/Found			1889 Branchi	
pinkish yellow Dijon type climber roundish leaves, remontant.				should be carmine red, but our clone has Carmine cente with creamy yellow surround.
<b>Lily Metchersky</b>	Nabonnand		<b>Mlle. Madelaine DelaRoche</b>	Corboeuf
1877 Sanguerhausen			1890 Bouret/L'Hay	
Medium size blooms violet red, very thorny				Large full flesh pink flowers
<b>Lingo Musk</b>	found		<b>Mlle. Marie Gaze</b>	godard
	Vintage Gardens		1892 Bouret/L'Hay	
Pink blend. Blush pink, rosy on petal edges semi-double. This found rose was introduced by Kern Rose Nursery 1970. Found in Florida by a Mr Lingo prior to this.				Dark sulfur yellow changing to clearer yellows
<b>Maitland White</b>	n/a		<b>Mme Eugene Verdier</b>	Levet
Found Roses Unlimited			1882 Tete D'Or	
white, tinge of pink at centre, synonomous with Puerto Rico				Came to us as Solfatare from TDO. Deep yellow flowers occasionally pink at beginning of season, on heavy wood, shiny foliage. Flowers reminiscent of Mme la duchesse d'auerstadt
<b>Manchester Guardian Angel (USA)</b>			<b>Mme. Alfred Carrière</b>	Schwartz
	Vintage Gardens		1879 Unknown	
Joyce Demits USA found the rose growing on a grave under the statue of an angel. Palest lemon yellow to cream cluster flowered. Wavy leaves				large white, yellowish base. Continuous flowering. Fragrant
<b>Maréchal Niel</b>	Pradel		<b>Mme. Auguste Perrin</b>	Schwartz
1864 Beales			1879 Sanguerhausen	
deep yellow, very full and fragrant				
<b>Marguerite Desrayaux</b>	Nabonnand		<b>Mme. Bérard (Eve)</b>	Levet
1906 Tete D'Or			1870 Eve	
pink, and double probably incorrectly identified				salmon yellow flowers edged with pink, same as Beales Adam (maybe Mme. Simon)
<b>Marie Accary</b>	Guillot fils		<b>Mme. E. Soufrain</b>	Chauvry
1872 Guillot			1897 L'Hay	
white tinted pink and yellow				Yellow and pink very vigorous

<a href="#">Mme. Emilie Dupuy</a>	Levet	<a href="#">Nardy</a>	Nabonnand
1870	Sanguerhausen coppery-yellow, light salmon reflexes	1888	Bielski Coppery yellow, collected from Sangerhausen
<a href="#">Mme. Julie Lassen</a>	Nabonnand	<a href="#">Narrow Water</a>	Smith of Daisy Hill
1881	Guillot large, very full, cupped. Deep pink (received as Mme. Julie Lassau)	1883	Unknown semi-double medium pink, vigorous climber
<a href="#">Mme. la Duchesse d'Auerstadt</a>	Bernaix	<a href="#">Nastrana</a>	unknown
1887	Beales very large, golden yellow, double. Fragrant.	1879	Roses Unlimited small double, white blooms on a pillar climber
<a href="#">Mme. Louis Henry</a>	Ducher	<a href="#">Natchitos Noisette</a>	found
1879	Tete D'Or pale yellow climber		Bielski cherry-rose fading to light pink. Old style noisette possibly back crossed with a china
<a href="#">Mme. Martigner</a>	Dubrieul	<a href="#">Noras Aire sur l'Adour</a>	n/a
1903	Bielski incorrectly named pink HT or bourbon		Hook/Found Dahlia shaped and multi coloured
<a href="#">Mme. Pierre Cochet</a>	Cochet	<a href="#">Ornement des Bosquets</a>	Jamain
1891	Branchi chrome-yellow flowers tinged pink and apricot, fragrant	1860	Eve semi-double, open, fresh rose pink
<a href="#">Mme. Trifle</a>	Levet	<a href="#">Oscar Chauvry</a>	Chauvry
1869	Bouret/L'Hay nice egg-yellow, occasionally changing into coppery salmon-yellow	1900	Sanguerhausen Pink/yellow very prickly
<a href="#">Monsieur Désir</a>	Pernet père	<a href="#">Paul's Perpetual White</a>	G.Paul
1888	Branchi crimson red. Fragrant	1883	Beales Very vigorous, probably a Noisette x hybrid perpetual cross (Paul lists it as a Noisette Perpetual), white large single flowers all the time
<a href="#">Monsieur Rosier</a>	Nabonnand	<a href="#">Pavillon de Pregny</a>	Guillot pere
1887	Branchi large, full, cupped flower, bright pink on yellowish background	1863	Eve purplish pink
<a href="#">Mrs. Honey Dyson</a>	N/A	<a href="#">Phil Edinger's Noisette</a>	Found
	Unknown Light pink Noisette. Obtained by Keith Steadman in Iron Acton from one of his customers (Mrs Honey Dyson), which she had found in her garden in Gloucestershire.		Vintage Gardens Buff through to pale pink flowers, an old style Noisette
<a href="#">Mt. Vernon Purple Noisette</a>	n/a	<a href="#">Philomele (False)</a>	
	Tete D'Or Small flowered pretty pink clusters, a small rambler		Bouret/L'Hay small, double, scarlet-crimson flowers possibly Philémon
<a href="#">Multiflore de Vaumarcus</a>	Menet	<a href="#">Pilarcitos</a>	Found
1875	Branchi medium size double, soft pink or white, in clusters		Vintage Gardens flowers cream colored, well-formed, full, borne in clusters, moderate, spicy tea fragrance

[Plaisance Pink](#) n/a  
Hook/Found  
variable pink climbing tea/noisette, found in a Plaisance abandoned garden

[Plaisance Yellow](#) n/a  
Hook/Found  
big yellow/pink cream flowers, quite globular. A Climbing noisette

[Princesse de Nassau](#) Laffay  
pre-1829 Beales  
double creamy white clusters, eventually climbs

[Reine Maria Pia](#) Schwartz  
1880 L'Hay  
Carmine Pink

[Reine Olga de Wurtemberg](#) Nabonnand  
1881 Branchi  
semi-double, bright crimson

[Reve d'Or](#) Ducher  
1869 Beales  
deep yellow with pink blushes

[Riscle Yellow Noisette](#)  
Hook/Found

[Solfaterre \(US\)](#) Boyeau  
1843 Vintage Gardens  
Study name is Georgetown Gateside Yellow, import from USA. We are convinced this is the correct Solfaterre

[Souv. de Lucie \(l'Hay\)](#) Widow Schwartz  
1893 Bouret/L'Hay  
medium flower, ruby red to carmine pink. This is the correct form from L'Hay. The clone commonly in commerce is a once flowering hybrid china

[Souv. de Mme l'Advocat](#) Veysset  
1899 Sanguerhausen  
Salmon pink, sport of Duarte D'Oliveira

[Souv. de Mme Leonie Viennot \(Greens clone\)](#) Bernaix fils  
1898 Unknown  
Found in Australia and originally considered a candidate for Etoile de Portugal. This appears to be a very good clone of Souv. de Mme Leonie Viennot, better foliage and more profuse flowering

[Thomasville Lamarque](#)  
Vintage Gardens  
see Etendard de Jeanne d'Arc

[Triomphe des Noisettes](#) Pernet pere  
1887 Branchi  
clusters of large intense pink flowers, some HT mixed in

[Vicomtesse D'Avesne \(Eve clone\)](#) Roeser  
1847 Eve  
Correct form. Tender lilac-pink, medium size, double

[Vicomtesse Pierre de Fou \(Fineschi\)](#) Sauvageot  
1923 Fineschi  
red to glossy deep pink. This climbing rose is the true form

[Waltham Climber 1](#) Paul  
1885 Bouret/L'Hay  
Seedling of Gloire de Dijon, rosy crimson, darker flowers than WC2

[Waltham Climber 2](#) Paul  
1885 Bouret/L'Hay  
As WC1 but less bright flowers and more climbing

[William Allen Richardson](#) Ducher  
1878 Beales  
deep yellow to apricot

[Winghaven White](#) n/a  
Found Roses Unlimited  
creamy white clusters

## Polyantha

[Anne Marie de Montravel](#) Widow Rambaux/Dubreuil  
1879 Branchi  
small pure white flowers in clusters, sometimes regarded as a noisette

[Lady Anne Kidwell](#) n/a  
Bielski  
large purple/dark red flowers, possibly a tea/china

## Species

[Rosa bracteata](#) Macartney  
1765 Viraraghavan  
white single flowers, repeats

[Rosa bracteata x chinensis](#)  
Viraraghavan

<a href="#">Rosa clinophylla</a>	n/a	<a href="#">Adam(L'Hay)</a>	Adam
Viraraghavan		1838	Bouret/L'Hay
A tropical rose from India, will grow in water			Synonymous with President by William Paul. flowers rich rosy salmon, very large and full; form, globular. Growth is vigorous, makes a large shrub with heavy wood.
<a href="#">Rosa cymosa</a>	n/a	<a href="#">Agnes B Smith (Aus)</a>	N/A
Helga Brichet			Waltzing Matilda
Chinese climber related to Banksiae, small white flowers beautifull effect			Discovered by Robert Peace in 1985 on an old grave in the Rockwood cemetery, Australia, this is another of the contenders for 'Humes blush'. Mottled pink semi double flowers. Mid green foliage eventually becoming a shrub of around 1.5 metres
<a href="#">Rosa Gigantea (Dali)</a>		<a href="#">Ah Mow(Aus)</a>	
Helga Brichet			Waltzing Matilda
cuttings taken from plant in Yunan			Found at the Bishop's Lodge, Australia and named after the gardener there. Cream flowers with a pink tinge, growth similar to Safrano . Maybe Luciole
<a href="#">Rosa gigantea (Sang)</a>		<a href="#">Aignan Apricot Tea</a>	N/A
Helga Brichet			Hook/Found
			Orangy pink tea, similar colours as Lady Roberts and Mme Charles but neither of these maybe Madame Chaveret
<a href="#">Rosa laevigata</a>	n/a	<a href="#">Aignan Church Yellow Tea</a>	Found
Ducrot			Hook/Found
Single white flowers, yellow stamens. A particularly nice form given to us by the Ducrots in Italy			Yellow apricot centre fading to white on rhe edges, climbing
<a href="#">Rosa longicuspus x R. Gigantea (India)</a>	n/a	<a href="#">Albert Hoffman</a>	Welter
Viraraghavan		1904	Bielski/Sanguerhausen
from seed given to us by Viru Viraraghavan. Single white flowers			This relatively unknown tea deserves more attention, large pinkish yellow flowers with a good tea scent
<a href="#">Rosa longicuspus (China)</a>	n/a	<a href="#">Alexander Hill Gray</a>	A. Dickson
Unknown		1911	Beales
Chinese form. From seed brought back from China. Received from Monksilver nursery in U.K. derived from seed collected in china by Dr Alan Leslie			large full lemon-yellow, tea-scented bloom, somewhat frost sensitive in climates
<a href="#">Rosa sinowilsonii</a>	n/a	<a href="#">Alix Roussel(Guillot)</a>	Gamon
species	Beales	1908	Guillot
cooler			A dark red double tea, obviously incorrectly named, This should be a yellow and pink tea, Similar to descriptions of Gaston Cazalis, just the same, a very worthy tea
small, single flowers, a rampant climber. Beautifull hips		<a href="#">Alliance Franco Russe(US)</a>	Goinard
<a href="#">Rosa triphylla</a>	n/a	1899	Bielski
Helga Brichet			Yellow, very full sometimes with some pink, distinctive red early foliage,This the US clone
Unusual bamboo like foliage small pink flowers twice a year for us		<a href="#">Amazon</a>	Ducher
		<a href="#">Amazon</a>	Ducher
<b>Tea</b>		1872	Roses Unlimited
<a href="#">Abricotée (mottisfont)</a>			pale yellow to white, outer petals veined pink when warm. Similer to Hill Gray but with enuegh differences for us to keep separate
is	Mottisfont	<a href="#">Ambasciatore Marco Francisci</a>	Found
Coppery yellow, centre apricot pink. Similar colours to Mme. Falcot. A slow rose to develop pink edges. Maybe Souvenir du rosiériste Rambeaux.		1997	Branchi
<a href="#">Adam (Beales)</a>	N/A		large flowered pink blooms with lighter shades suffused with bronze on a large shrub. This rose was found by Walter Branchi and introduced with this name
Alexander			
Beales			
See Mme. Simon			

<a href="#">Andre Schwartz</a>	Schwartz	<a href="#">Bassoues Tea (Belle Bassoues)</a>	n/a
1882	Beales	Hook/Found	
	large, open double blooms, dark crimson, fades to cherry-red, center occasionally lined white. A large tea	Huge shrub with strong tea scent. High centered flowers. The original plant is 3m x 3m, with dense foliage and grows beside the road, it has been cut to the ground several times but comes back strong every time. Large flowers. Carmine guard petals on a base of old gold with a salmon centre, cupped	
<a href="#">Andre Schwartz (Fineschi)</a>		very double in the style of Anna Yung, striped buds possible contender Dr Pouleur	
	Fineschi		
	Incorrectly named. Pink with Crimson to red outer petals with some white striping, medium size flowers on a well formed shrub, similar to Homère	<a href="#">Beaumarches red climbing Tea</a>	N/A
<a href="#">Andreola Vettori</a>	Found	Hook/Found	
1998	Branchi	large semi double to double red flowers as Papa Gontier, Possibly The true climbing Papa Gontier	
	see Grand-Duc Pierre de Russie. This rose was found by Walter Branchi and introduced with this name	<a href="#">Beryl</a>	Dickson
<a href="#">Anna Jung</a>	Nabonnand	1898	L'Hay
1903	Guillot	deep golden-yellow, shaded reddish, medium size, semi-double	
	Large plant, double bright pink flowers with coppery center. One of our favourites. Some have doubted it's authenticity but we are convinced it is correct.	<a href="#">Blumenschmidt</a>	J.-C. Schmidt
<a href="#">Anna Olivier (TDO)</a>	Ducher	1905	Roses Unlimited
1872	Tete D'Or	large, full, lemon-yellow with pinkish centre. Fragrant	
	White with pink centred reflexed flowers, foliage large dark green and leathery, we believe that this clone which we obtained from the Tete D'Or in Lyon is correctly named	<a href="#">Bon Silène</a>	Hardy
<a href="#">Arcadia/Lousiana Tea(US)</a>	n/a	1835	Beales
	Bielski/Vintage	bright rose, very large and double. Good scent	
	Palest blush to light pink, outer petals whitish, sometimes pale apricot tones in center	<a href="#">Bridesmaid</a>	Moore
<a href="#">Archiduc Joseph</a>	Nabonnand	1893	Roses Unlimited
1892	Beales	clear bright pink, very tender	
	full, dark cerise, creamy copper centre, our clone is different to the U.S version of Monsieur Tillier which we also have.	<a href="#">Brightside Cream (Bermuda)</a>	n/a
<a href="#">Auguste Comte</a>	Bernaix	Found Bermuda Roses Unlimited	
1886	Branchi	creamy white touched with pale yellow medium size flowers, a small climber, surprisingly still unidentified.	
	Purchased as Mme Scipion Cochet. creamy rose with deep crimson centre, cupped, virtually thornless. Similer to Niles Cochet, this is probably the Maman Cochet being sold by Beales and also as Auguste Compte at Sangerhausen	<a href="#">Bryan Friedel (US)</a>	Found
<a href="#">Baronne Henriette de Snoy</a>	Bernaix	Roses Unlimited
